The intentional pass, odious always, lost a ball game for the Chicks in Nashville Thursday.

Bill Thweatt walked Catcher Jonnard, of Nashville, in order to get to Newell, supposed to be a weak hitter, and Newell broke up the game with a single through the box.

This is as it should have been. Any time a pitcher deliberately walks a batter the succeeding swatter ought to swat the ball out of the lot. And they usually do. The so-called strategy of walking one batter to get to another works about one time in fifty.

The intentional pass has no place in real sport, and it's always refreshing when any pitcher, be he a homeling or a hostile, falls to get away with it.

Johnny Raimey Well Known in Racing Game Is Volunteer at Station 10.

If you should hear that engine from No. 10 station racing down Iowa avenue be not afraid. It is no untrained hand at the wheel. No young kid is in charge of the throbbing engine, but you must admit that driving that red devil is a long jump from piloting a racing car in bitter struggles for supremacy of the dirt track racing world.

Johnny Raimey is the man at the wheel, and Johnny is no kid. Yet his friends are asking him how he likes the job.

Raimey is one of the best-known figures in the dirt track game. For years he was with the Sloan-Dorward combination that played the fair circuits Following the Tri-State Fair races of 1917 he enlisted at Park field as a mechanic and was quickly promoted to be a first lieutenant in charge of everything that needed gas.

During his Park field assignment in 1918 he entered the fair events and bagged the honey in the 50-mile sweepstakes. Needless to say he drew more than his share of cheers.

When discharged he returned to Memphis and is now one of the leading consultants on gas engine troubles in the city. When the call for volunteers was made he proffered his services. They were accepted.

Johnny is not trying to break any records, but if the emergency arises were accepted.

BADLY THURSDAY Dempsey Offered 50,000 Pounds To Meet Carpentier

Cochran, according to Brady, is prepared to deposit £20,000 as a guarantee of good faith.

The 2:12 trot, open, was first on today's program.

Bing Miller Sets Home Run Mark For Southern

LITTLE ROCK. Ark., July 23.—
By hitting the ball over the fence in eleventh inning of Thursday's game at Chattanooga. Outfielder "Bing" Miller, Little Rock, got his sixteenth home run of the season and broke the Southern association record-for four-base hits. The previous record of 15 was set by Jacobson, of Mobile, now with the St. Louis Americans, in 1915. Miller's record includes two drives over the left field fence at the local park, a feat never accomplished but once previous to this season. Miller has been sold to the Washington club of the American league and will report at the end of the Southern association season.

CINCINNATI, Ohio, July 23.—Appeal from the order of United States District Judge McCall, of Memphis, directing John D. Martir, as president of the Southern Association of Basebail Clubs, to approve the contract between Lutter (Casey) Smith, pitcher, and the Little Rock basebail association, and permanently enjoining Martin from further interference with the carrying out of the contract, has been filed in the United States circuit court of appeals here.

United States circuit court of appeals here.

The appeal is taken by Martin, who claims he withheld his approval of the contract for the good of baseball. The records in the case intimate that the discharge of Smith by the San Francisco club was responsible for the refusal of Martin to permit him to play in his league.

In passing upon the case the trial judge virtually held that a provision of the by-laws of the league giving power to the president of the league to pass on contracts made by clubs with players does not give the league president the right to disapprove a contract which is in legal form.
